Dear Danny,

I am writing this letter to inform you that I have decided to go in a different direction with regard to the deeded mineral portion in Clarks Basin and with that parcel within the deeded portion which is more particularly described as the N ½ SW ¼ Section 14 T 13 North R 16 West containing 40 acres, and upon which your Company has been operating for the past 4 years.

If you had planned for the utilization of this portion in the upcoming season, please amend your plan to remove this area from consideration.

Please remove any equipment, supplies, or storage and camp facilities incident to Dove Creek Quarries, LLC from the above described area as soon as weather permits.

Please make the necessary arrangements with the UDOGM regarding a Partial Plan Transfer reflective of the above described portion back to Bonneville Quarries, Inc. and William L Bown. Any operation other than equipment, supply, camps, and storage removal upon the above described tract by Dove Creek Quarries, LLC or any of its' related interests from the date of your receipt of this letter will constitute wilfull trespass.

Also, we need to reach a resolution with regard to payment of the \$48,000.00 promissory note which remains unpaid as of this date. If you have any questions please contact me @ 801-450-8926

Sincerely,

William L Bown
